

Notice to Residents

You have expressed your concerns and we have heard you. To promote the cleanliness and safety of the community we are implementing the following change to the garbage pick up in Heritage at Parsons Creek.

Effective October 8, 2013 all 6 garbage bins located throughout Heritage at Parsons Creek will be removed.

The new garbage pickup will be as follows:

Starting October 15, 2013, a large garbage bin will be delivered to the corner of Blackburn Drive and Dixon Road for you to bring your garbage to and will be removed by Wednesday at 8:00am. This will continue on every Tuesday.

This bin is for RESIDENTIAL GARBAGE ONLY, absolutely no dumping allowed. An example of items that are currently being dumped into the bins that are not allowed are construction debris, mattresses, BBQ's, etc. this is not residential garbage and must be taken to the municipal dump by each individual. Please ensure that all garbage is kept in sealed garbage cans on your property until the garbage pickup day.

We are continuing to work with the municipality to have them take over the garbage removal for the Parsons Creek area. Should you see anyone dumping garbage or debris anywhere within your community please record the license plate number and forward to stephen.chipchase@woodbuffalo.ab.ca and cc collette.lofton@rohitgroup.com.

If you have any questions please contact Collette Lofton at collette.lofton@rohitgroup.com or 780-436-9015 ext. 247.
